AVRev.com Gear We Love Award Winners

Congratulations!

One or more of your products have been selected as an AVRev.com Gear We Love 2006 Award Winner or one of our 2006 Hall of Fame inductees. We have changed the format of our year end awards significantly this year so that Gear We Love reflects the best and most significant products we have reviewed in the year. The AVRev.com Hall of Fame will have gear inducted each year that represents the best, current gear we have reviewed ever. In order to get to the Hall of Fame a product will need to have been a Top 100 award winner in years past. In the future, Gear We Love Award winners from 2006 and beyond will be eligible for the Hall of Fame the year after they win a GWL Award.

Attached is a printed award suitable for framing. Also included in this package is a CD with 2006 Gear We Love and or Hall of Fame logos for both low resolution Internet use or higher resolution print materials. Please feel to call on us if you need any help with these materials. We certainly encourage you use these logos to promote your award winning products with your dealers, your PR agency and beyond.

Links to the entire list of winners are below.
